**ANNEXURE - A****MANAGEMENT DISCUSSION AND ANALYSIS****Indian Economic Outlook for FY 2023-24**

It now appears very likely that the Indian economy will achieve a growth rate at or above 7% for FY24, and some predict it will achieve another year of 7% real growth in FY25 as well. If the prognosis for FY25 turns out to be right, that will mark the fourth year post-pandemic that the Indian economy will have grown at or over 7 per cent. That would be an impressive achievement, testifying to the resilience and potential of the Indian economy. It augurs well for the future. Some economists¹ argue, with considerable merit, that not all growth is equal. They are right. It is one thing for India to grow at 8-9 per cent when the world economy is growing at 4 per cent, but it is another thing to grow at or above 7 per cent when the world economy is struggling to grow at 2 per cent. One unit of growth in the latter circumstance is qualitatively superior to the former. The marginal utility of growth in the second scenario is much higher. The global economy is struggling to maintain its recovery post-Covid because successive shocks have buffeted it. Some of them, such as supply chain disruptions, have returned in 2024. If they persist, they will impact trade flows, transportation costs, economic output and inflation worldwide. India will not be exempt from it, but having faced and seen off COVID and the energy and commodity price shocks of 2022, India is quietly confident of weathering the emerging disturbances. At least three trends will be with us in the coming years. The era of hyper-globalisation in global manufacturing is over. It does not mean that de-globalisation will be upon us any time soon, as countries are only now discovering the enormous integration of global supply chains that have taken place in the last few decades. So, an alternative to the globalisation of supply chains will take much longer to emerge if it ever does. However, that will not deter governments from pursuing on-shoring and friend-shoring of production with a consequent impact on transportation, logistics costs, and, hence, the final prices of products. Recent events in the Red Sea may have brought back concerns over reliance on global supply chains, further.

The Indian Economy: A Review aggravating the slower growth in global trade in 2023. In other words, exporting one's way to growth will not be easy. This reinforces the need to lower logistics costs and invest in product quality to hold on to and expand market share in areas where India has an advantage. Closely related to this challenge is the advent of Artificial Intelligence with the profound and troubling questions it poses for growth in services trade and employment since technology might remove the advantage of cost competitiveness that countries exporting digital services enjoy.

The financial sector is healthy. Its balance sheet is stronger. It is willing to lend and is lending. Non-food credit growth, excluding personal loans, is growing at double-digit rates. The pursuit of inclusive development finds Indian households in good financial health. Fiftyone crore bank accounts under Jan Dhan Yojana now have total deposits of over ₹ 2.1 lakh crore. Over 55 per cent of them are women. In Dec. 2019, household financial assets were 86.2 per cent of GDP; liabilities were 33.4 per cent of GDP. In March 2023, these numbers were 103.1 per cent and 37.6 per cent, respectively. So, Net Financial Assets of households were 52.8 per cent of GDP in Dec. 2019, and by March 2023, it had improved to 65.5 per cent of GDP. The economy has created jobs; the unemployment rate has declined considerably from the peaks during Covid times. The labour force participation rate has increased, especially that of women. Net new subscribers to the Employee Provident Fund (EPF) have steadily risen post Covid, especially among the younger population. Women are also enrolling more than ever in tertiary education.

In 2014, the economy was beset with high fiscal and current account deficits and double-digit inflation. Now, inflation is under control, the fiscal deficit is trending lower, the current account deficit is just above one per cent of GDP, and foreign exchange reserves cover nearly eleven months of imports. It has been a journey from fragility to stability and strength. Two things must be singled out here. The government's COVID management and the vaccination record have been instrumental in the quick recovery staged by the economy. Similarly, the deft management of the crude oil supply at reasonable prices in the last two years is noteworthy. Humans are not capable of appreciating the unseen - the mistakes not made and the risks avoided - but the counterfactuals are all around us. They cannot be missed. As the government resolves longstanding problems such as deficient infrastructure and financial exclusion, aspirations rise, and expectations shift higher. That is actually a tribute to the policies and performance of the government. Today, many young Indians not only aspire to a better life but are also confident that it will happen in their lifetime. They feel that they have a better life than their previous generations and that succeeding generations will do better than them. Nations and people have to believe in themselves for important changes to happen. Now, India does, and Indians do.

Indian Equity Market:

In 2023-24, the Indian equity market remained ebullient on strong macroeconomic fundamentals and robust corporate profitability. The BSE Sensex touched a new high, gaining 24.9 per cent to close at 73,651 at end March 2024, outperforming most global peers. The exuberance of the secondary market translated into increased resource mobilisation in the primary market as well, with initial public offer (IPO) issuances maintaining a steady pace and resource mobilisation through preferential allotments and qualified institutional placements (QIPs) also growing at a fast clip. The markets began

Q1:2023-24 on a positive note buoyed by solid corporate earnings for Q4:2022-23, upbeat domestic manufacturing performance, robust goods and services tax (GST) collections and soft inflation print for May 2023.

In Q2, the markets continued the upward trajectory on positive domestic corporate results for Q1:2023-24 and favourable macroeconomic data, notwithstanding some drag from the sharp correction in China's equities and rising concerns of a prolonged period of high global interest rates.

In Q3, the markets initially registered losses in October 2023 due to FPI outflows and Middle East hostilities. Subsequently, domestic equity indices rebounded sharply propelled by positive global cues from softer-than-anticipated inflation prints in the US and favourable domestic corporate earnings for Q2:2023-24.

In Q4:2023- 24, markets registered a marginal increase. The BSE Sensex crossed the 74,000 mark - a fresh peak - in March 2024 following strong GDP growth data for Q3:2023-24. The broader market indices outperformed the benchmark indices, with BSE MidCap and SmallCap indices increasing by 63.4 per cent and 60.1 per cent, respectively, during 2023- 24 on increased risk appetite (Chart II.5.7a). FPIs made net purchases of ₹2.1 lakh crore in the domestic equity market during 2023-24 as against net sales of ₹0.4 lakh crore in the previous Chart II.5.5: Turnover and AAA-rated 3-Year Yield Spread in Corporate Bond Market Source: SEBI and FIMMDA.

In this financial year Mutual funds made net purchases of ₹2.0 lakh crore in 2023-24. Primary Market Resource Mobilisation. In the primary segment of the equity market, resource mobilisation through preferential allotments and QIPs increased to ₹1.1 lakh crore during 2023-24 from ₹0.9 lakh crore during the previous year. Resource mobilisation through IPOs, follow-on public offers (FPOs) and

rights issues increased to ₹0.8 lakh crore from ₹0.7 lakh crore. The small and medium enterprises (SMEs) segment exhibited exuberance, with 197 SME IPO/ FPO issues garnering ₹6,122 crore in 2023-24, as compared with 125 SME IPO/FPO issues mobilising ₹2,333 crore a year ago. Net resources mobilised by mutual funds increased by more than four times to ₹3.5 lakh crore during 2023-24 from ₹0.8 lakh crore during 2022-23. Net mobilisation by open-ended equity oriented mutual fund schemes rose to ₹1.8 lakh crore from ₹1.5 lakh crore. Average monthly contributions to mutual funds through the systematic investment plan (SIP) route increased to ₹16,602 crore in 2023-24 from ₹12,998 crore in the previous year. Assets under management (AUM) of open-ended equity oriented mutual funds rose by around 55 per cent to ₹23.5 lakh crore at end-March 2024. Net redemptions in open-ended debt-oriented schemes fell to ₹0.2 lakh crore during 2023-24 from ₹1.8 lakh crore in the previous year. 6. Foreign Exchange Market II.5.20 The Indian rupee (INR) exhibited resilience during 2023-24 on improving domestic macroeconomic fundamentals, narrowing current account deficit (CAD) and higher capital inflows. In Q1, the fall in crude oil prices and large FPI inflows imparted an appreciation bias to the INR while it faced downward pressures from a stronger US dollar and the impasse around the US debt ceiling issue. On net, the INR appreciated by 0.2 per cent in Q1 to ₹82.04 per US dollar by end June 2023. In Q2:2023-24, the INR came under pressure, tracking sharp gains in the US dollar and crude oil prices. The US dollar index (DXY) gained 3.2 per cent during the quarter, its best since September 2022, on expectations of further monetary tightening by the US Fed and its higher for longer interest rate stance. FPI outflows in September 2023 added to pressure on the INR while

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance Report, and Shareholder Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act,

we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

19. Significant Accounting Policies

a. Basis of preparation of financial statements

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ("the Act") (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. As the year-end figures are taken from the source and rounded to the nearest digits, the figures reported for the previous quarters might not always add up to the year figures reported in this statement. The financial statements are prepared under the historical cost basis except for following assets and liabilities which have been measure at fair value:

- Certain Financial Assets & Liabilities (including derivative instruments)
- Define Benefited Plan

b. Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

c. Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is generally accounted on accrual or as they are earned or incurred except in case of significant uncertainty. Revenue from investing / trading in shares, securities etc. is recognized on trade dates on first in first out basis. Revenue from Derivative Instruments & any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedges in respect of completed transactions pending settlement process, necessary treatment is given in the accounts for the Profits/ Losses arising from these transactions. Dividend income is accounted for on receipt basis.

d. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial Recognition

The Company recognizes a financial asset in its Balance Sheet when it becomes party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset.

However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement

For subsequent measurement, the Company classifies a financial asset in accordance with the below criteria:

a. Non-derivative financial instruments

- i. Financial assets carried at amortized cost A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- ii. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

- iii. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss

b. Investment in subsidiaries

Investment in subsidiaries is carried at cost in the separate financial statements.

e. Income taxes

Current Tax:

The tax expense for the period comprises current and deferred tax. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the comprehensive income or in equity. In which case, the tax is also recognized in other comprehensive income or equity.

Deferred Tax:

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

f. **Property, Plant and Equipment**

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably

knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure - A to the Auditor's Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Twentyfirst Century Management Services Limited of even date)

Report on the Internal Financial Controls with reference to standalone Financial Statements of under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

In conjunction with our audit of the Consolidated Financial Statements of the Company as of for the year ended **March 31, 2024**, we have audited the internal financial controls over financial reporting of **M/s TWENTYFIRST CENTURY MANAGEMENT SERVICES LIMITED** (hereinafter referred to as "the holding Company") and its subsidiary company, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Boards of Directors of the Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI") and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal financial control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

19. Significant Accounting Policies

a. Basis of preparation of financial statements

These Consolidated financial statements are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ("the Act") (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter. Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. As the year-end figures are taken from the source and rounded to the nearest digits, the figures reported for the previous quarters might not always add up to the year-end figures reported in this statement. The financial statements are prepared under the historical cost basis except for following assets and liabilities which have been measure at fair value:

- Certain Financial Assets & Liabilities (including derivative instruments)
- Defined Benefit Plan

b. Use of estimates and judgments

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

c. Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is generally accounted on accrual or as they are earned or incurred except in case of significant uncertainty. Revenue from investing / trading in shares, securities etc. is recognized on trade dates on first in first out basis. Revenue from Derivative Instruments & any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedges In respect of completed transactions pending settlement process, necessary treatment is given in the accounts for the Profits/Losses arising from these transactions. Dividend income is accounted for on receipt basis.

d. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial Recognition

The Company recognizes a financial asset in its Balance Sheet when it becomes party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset.

However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement

For subsequent measurement, the Company classifies a financial asset in accordance with the below criteria:

a. **Non-derivative financial instruments**

i. **Financial assets carried at amortized cost** A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii. **Financial assets at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

iii. **Financial assets at fair value through profit or loss**

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss

e. **Income taxes**

Current income taxes

The tax expense for the period comprises current and deferred tax. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the comprehensive income or in equity. In which case, the tax is also recognized in other comprehensive income or equity.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

m. Cash and cash equivalents
